WORK EXPERIENCE

Technical Intern, ProWorld Technology, Nashik

Aug 2020 - Nov 2020

- Contributing in project development life cycle.
- Contributing in Understanding the project flow and requirement, provided technical aid.

PROJECTS

Kisan [IBM-ICE Hackathon] (04/2023)

[Link to Repo](#)

Updating and warning the farmers about the weather in the coming days can help them to stay alert. Created a solution that notifies them using **Bootstrap Javascript Firebase** and the weather data. Tried to keep the product user friendly.

Desk (07/2020 - 09/2021)

[Link to Demo](#)

Built a Desktop application focusing needs of a computer technology student using **Servlet HTML CSS Javascript Ajax SQL**.

Implemented features like an in-built code compiler, quiz questions, to-do list, expense manager, interview questions, tutorials. Also added an option to share ideas amongst developers called as forums.

Impact students were able to find all the necessary required tools at one place.

EDUCATION

2021 - 2024 B.Tech in **Computer Engineering** at **Vishwakarma University** (CGPA: 7.65/10.0)
2019 - 2021 Diploma Degree in **Computer Science** at **Government Polytechnic, Nashik** (83.94)
2017 SSC at **Holy Flower English school, Nashik** (79.40)
